## PATENT

by any terminal disclaimer, of commonly owned prior 1) U.S. Patent No. 6,706,024 issued on March 16, 2004 and 2) co-pending U.S. Patent Application No. 09/746,670. Assignee hereby agrees that any patent so granted on the above captioned application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to U.S. Patent No. U.S. Patent No. 6,706,024 and co-pending Application No. 09/746,670. The Assignee further agrees that this agreement is to run with any patent granted on the above captioned application and is to be binding upon the grantee, its successors, and assigns.

The undersigned is an attorney of record and with the authority to execute this Terminal Disclaimer on behalf of the Assignee.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information on belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
